

## Ravaglioli launches a new leverless tyre changer

**Sasso Marconi.** October 2022 - Ravaglioli S.p.A., member of Vehicle Service Group (VSG), one of the world's leaders in the motor vehicle equipment sector, is launching a new leverless tire changer model.

*G1250.30 - Let the Wheels Speed up.* Ravaglioli's new tyre changer makes tyre assembly and disassembly operations even better performing. Equipped with an innovative (patented) leverless head and advanced automatic functions, it lets you work quickly, precisely and without any effort also on UHP and Run-Flat tyres.

The configuration is already complete with all the major accessories, each of which finds room in the compartments. The rear part is totally cable-free so as to guarantee the operator better manoeuvrability and freedom of movement.

### Simple operations

An electromechanical actuator controls the synchronous movement of all three operating arms with a chain synchronisation system.

The center post locking with floating plate (patented), suitable also for reverse rims, offers a self-locking mechanism that reduces the effort of the operator.

### Quick operations

Memory system - automatic head repositioning on rim edge that allows a new disassembly and assembly process to be rapidly resumed.

### Safe operations

A sensor with automatic disc indent function activation guarantees precise and risk-free tyre bead breaking.

The bead breaking system operates with two discs; the tyre bead is in fact broken quickly and safely by two opposite synchronised discs.

For more information on the G1250.30, consult the product page – [www.ravaglioli/G1250.30.com](http://www.ravaglioli/G1250.30.com).

### About Ravaglioli

Founded in 1958 in Sasso Marconi (BO) with the aim of designing and marketing vehicle lifting equipment, Ravaglioli has expanded its offering over the years to become Europe's leading builder of vehicle lifts and one of the main companies in the production of equipment for tyre shops and diagnostics (vehicle control and wheel alignment). Member of Vehicle Service Group (VSG) since 2016, it is one of the leading brands in the VSG EMEA division. In addition to its historical headquarters in the hills of Bologna, it has three additional production units in Ferrara, Rolo (Reggio Emilia) and Turin, and three subsidiaries in France, Germany and the UK. Additional information is available at [www.ravaglioli.com](http://www.ravaglioli.com).

### About Vehicle Service Group

Part of Dover Corporation's Engineered Systems segment, VSG is a strong, diverse and dynamic global leader in the vehicle service industry. It comprises 8 major vehicle lifting, wheel service and collision repair brands: Rotary, Ravaglioli, Space, Chief, Forward, Direct-Lift, Revolution and Hanmecson. Headquartered in Downers Grove, Illinois, VSG has operations worldwide, including ISO9001 certified manufacturing centers in North America, Europe and Asia. Additional information is available at [www.vsgdover.com](http://www.vsgdover.com).
